To my patients,

I can't believe it's been 34 years since I began North Richland Dental Clinic. I have watched your families grow and been proud to be your dentist these many years. In fact, I'm treating great grandchildren of some I have seen as patients since I began the practice in 1986. The relationships we have formed have enriched my life... I will cherish these memories.

As we all know, sometimes we realize there are phases to our lives, and changes we must face, and effective June 1, 2019 North Richland Dental Clinic will become part of the "family" of Family First Dental.

I will continue to see patients for Family First Dental through July 3rd. Dr. Rick Weatherill will begin seeing patients July 8th. He seems to share the same ideals for care I have tried to provide you, and I am confident that together Dr. Weatherill and the staff will continue to provide the quality dental care you and your family deserve.

I wish the best for all of you,

Dr. Ken Lagergren

Dear patients of Dr. Lagergren,

A little about us: Family First Dental has been locally owned and operated for nearly 20 years. While we have three offices in Kennewick, many of our doctors and team members are from Richland. We are thrilled to finally have a Richland location!

We are confident you will like Dr. Weatherill. Besides being a great dentist, he is kind, generous, and down-to-earth. He and his wife Angela are raising two young daughters and are thrilled to be returning to the Tri-Cities.

We are so pleased to have the opportunity to work with such a fine office. Dr. Lagergren is a great man and an excellent dentist. He has surrounded himself with a terrific team who we are happy to report will be there to greet you at your next appointment!

Sincerely,

Dr. James Carey

owner, Family First Dental
